Ice Storm 2025

This year we experienced some severe weather that left many of us with damaged boat houses and destroyed our beautiful mature trees that were around for as long as some of our grandparents! Luckily our town has several programs to encourage tree planting. <https://www.georgina.ca/living-here/home-and-property/tree-preservation>

Earth Day

We sincerely thank all the incredible volunteers who came out on Earth Day to help clean and beautify our lovely community.

Your dedication, time, and hard work made a meaningful difference, and our shared spaces are better because of your tireless efforts. Your commitment to protecting our sacred environment is truly inspiring—thank you for being part of the change!
